 Contractors Association Inc.

INTRODUCING U3A TO LAWRENCE

Central Otago has joined the many areas in the world in which a University of the Third Age has been founded.

Beginning in France in the mid seventies the U3A movement has now spread to most countries and has many hundreds of thousands of members.

U3A is a response to the idea that human life is divided into three periods: firstly, childhood and schooling; secondly, child rearing and work; and thirdly retirement.

The Third Age is seen to provide the greatest opportunities for learning and understanding because it is during this period of retirement that the idea of a University as a community of those who seek greater understanding through learning can be put into practice.

Central Otago REAP is providing a link to the Lawrence District to bring U3A to the local people. This is a wonderful opportunity for those seeking more knowledge in the wide range of topics U3A provides. Speakers are experts in their fields - Heads of their Departments - recognized globally. All available for the Lawrence Community to come along and extend their interests and to further learn about the world around us.

Sessions are over 3 - 5 weeks on Fridays - 10am to 12 noon - with morning tea provided. Venue is presently at the Golf Clubrooms on Irvine Street.

For more information please contact Anne Benington 03-4859-447

Winter event

Tuesday 28 May 11:00 am – 2:30 pm

Telford, 498 Owaka Highway, Balclutha

This event will provide the information required to help farmers undertake winter grazing to maximise animal performance, whilst ensuring that valuable soil and nutrients are kept on the farm and out of waterways. The event will also provide new insight into future challenges for farmers around environmental regulation.

Topics & speakers include:

- **Strategic grazing** – practical application in the field, supported by science from AgResearch and animal health and welfare considerations from Steven Butler (CluthaVets).
- **Otago Regional Council:** winter grazing rules, enforcement approach, and update on changes to the Otago regional water plan (Rebecca Begg, ORC).
- **Future challenge: How proposed stock exclusion rules will affect stock water.** Considerations around supplying water for reticulated systems (Lauren Phillips, B+LNZ).

Lunch provided.

Contact Theresa Laws at B+LNZ to register:
theresa.laws@beeflambnz.com; 03 477 6634.

Jan Harper and Sarah Homer with the bike that started the idea.

Congratulations to Jan the Butcher for persevering with her vision to introduce vintage bikes on Ross Place to acknowledge an important part of our town's heritage. Visitors to Lawrence can now see the bikes scattered outside businesses down Ross Place and enjoy a window display depicting the interesting history of the town's first bike.

The project couldn't have gone ahead without the support of these folk:

- Progressive Enterprises (Four Square) and Tuapeka West Community Trust for their financial donations towards the project;
- Gordon Duthie and the Tuapeka Vintage Club team and Angela Meechan for helping bring Jan's window creation to life;
- the bike restoration team of Sarah Homer and Mel Foster and Les Bray for help and supply of materials;
- the kind people who donated bikes to be restored;
- Ray McDonald for creating the chunky wooden bike stands;
- the Ross Place businesses who have agreed to be the caretakers of the bikes.

TLCC have been happy to support this project by donating Sarah's time towards its coordination.

Well done Jan and her helpers!
